Celebrating 15 Years of Community

Their Future.

Faith • Honour • Service
In 2013, The Springfield Anglican College celebrates fifteen years in operation. From small beginnings in 1998, with twelve students and two teaching staff, the College now has a total enrolment in excess of 880 students from Kindergarten to Year Twelve, with over 90 staff.

During the past fifteen years The Springfield College, and now The Springfield Anglican College, has grown and matured in a most positive manner. The College is now spread across two expansive campuses with excellent learning facilities available to all students.

It is well accepted that it takes at least twenty to twenty five years for a school to grow to maturity. At fifteen years, there is so much to celebrate that runs much deeper than simply student numbers or facilities.

The College is a vibrant and engaging environment with a strong sense of community; a family based school with a pronounced pastoral underpinning, overt value base and with a clear focus on the individual.

At the heart of a TSAC education is a caring, supportive and positive culture that underpins student achievement and success. Such a culture does not magically appear or remain in place as schools move from infancy, through adolescence, to maturity. Rather, it is the concerted effort and a shared desire that leads to this point.

The College is very proud of, and protective of, the resultant learning environment in place; an environment that provides a wonderful support base for the students as they navigate their way through their schooling and establish the platform for ‘Their Future’.

In celebrating this significant milestone it is very important to reflect back upon the journey and to acknowledge the wonderful contribution of so many along the way; the Anglican Church of Australia, the Uniting Church in Australia Queensland Synod, the College Board, staff – both teaching and non-teaching, students, parents and an array of organisations and businesses that have been instrumental in the College’s growth and development.

2013 is most definitely a time for the College Community to look back very proudly on what has been achieved and also look to the future with great enthusiasm and anticipation.

Mr Steve Croft  
B.Ec., Dip.Ed., MACE  
Head of College

Commencing at The Springfield College in January 2007, it has been both an exciting journey and honour to be part of such a growing and supportive educational community. From my first days at the College, to today and I trust into the future, I have been witness to the continued growth and success of both the College and the students. At the core of the College’s highly recognised educational environment are its Christian values, academic curriculum and extra curricular programme, community spirit, professional standards, and commitment to working in partnership with parents to prepare students for ‘Their Future’. It is these key ingredients that form the foundation stones of the College’s growing success.

The College is indeed fortunate to have highly committed academic and administrative staff focused on the students in their care and the support of a strong parental community. To all the past and present staff and families of the College, thank you for the individual role you all played in the growth of the College through its first fifteen years. To those embarking on the next milestones in the growth of the College, I look forward to working with you in building upon the already strong foundation in place.

Mrs Tania Brewer  
Head of Primary
1998 – 2002

The Springfield College started from an initiative of the Anglican Church of Australia and the Uniting Church in Australia, Queensland Synod, with construction commencing in 1998. The first official Term for the College, the twelve foundation students and two foundation teachers, began in Term Three, 1998, at the Alpine Place Campus, Forest Lake College. The College moved to Springfield College Drive, Junior Campus location in Term Four; with the Administration and ‘A’ Block ready for students to occupy. The building was officially opened by The Most Reverend Peter J Hollingworth, Archbishop of Brisbane, The Anglican Church of Australia and the Reverend Dr David A A Pitman, Moderator Queensland Synod, The Uniting Church in Australia on Wednesday, November 4, 1998.

Under the appointed leadership of Executive Principal, Mr Tony Watt, and Head of College, Mr Ashley Thomas, Mrs Robyn Behr started with five students in a composite Prep to Year One class, with Mrs Grier Elliot starting with seven students in a composite Year Two to Three class.

The College uniform with its Rose Tartan has become well-recognised within the local Springfield community. The College Clans, also feature a different Tartan and traditional Scottish name – McDuff, Keith, Robertson and Sinclair. Further developing the Scottish connection is the College’s joint partnership with the Highland Dance studio, led by Mrs Barbara McCullough which commenced at the College on October 3, 2000 with 25 students. The Highland Dancers have represented the College at many College and community events.

In 1999, the College held the first Bush Dance and Christmas Concert. Chapel services were held each week in what is now the Tuckshop Breezeway. After and Before College Care also commenced in 1999.

The College was fortunate to have a supportive parent community volunteer their time, equipment and resources to build the sandpit in the Prep area and attend regular working bees. The Tuckshop commenced operation in the second half of the year.

With great excitement and community spirit, the first Ball Games Carnival and Clan Athletics Carnival took place in 2000 with our four Clans: McDuff, Keith, Robertson and Sinclair, being represented. The College also welcomed a number of new staff members with classes now including Prep, Year One, Years Two-Three and Years Four-Six. As a community building event, the first Twilight Markets were held.

It was not long until the College was ready for its next building stage, with November 2001 the starting point in the construction of what are now the Year Six and Music Classrooms, Prep Classrooms, Courtyard and Undercover Area. These new buildings were ready for students to occupy by the start of 2002. That same year also saw the construction and completion of the new Prep Playground to cater for the growing College community.
Reflections from Founding Staff

Fifteen years ago we headed up a bumpy dirt road in a small College bus to be shown a freshly poured concrete slab that was to become the first building at The Springfield College. With a Head of College, a secretary, two teachers and eleven new families we quickly formed strong friendships with one another and became The Springfield College ‘Foundation Family’.

Together we shared many firsts; the first Night of Celebration, Christmas Concert, Bush Dance, Cultural Mornings, Ball Games Carnival and weekly Chapel services. The enthusiasm of the new College families translated into regular working bees whenever there was a job to be done. The fathers built us our sensational first sandpit and the mothers spoilt us with delicious homemade treats on our tuckshop days.

Our twelve students experienced the same full curriculum that we have today with specialist teachers travelling from Forest Lake College. It was a wonderful learning experience for all of us. We are all proud to have been a part of the ‘Foundation Family’ at The Springfield College. We will always treasure the fond memories we have of those first years.

Mrs Robyn Behr and Mrs Grier Elliot
Year One Teacher and Prep Teacher

I consider it a privilege to have had the honour of serving the TSC community as the inaugural Head of College. I well remember the Sunday afternoon, in late 1997, when I stood in the natural bushland which is now the site of the Primary Campus and I listened intently with a sense of amazement and excitement tinged with an element of fear and trepidation to the then CEO, Mr Tony Watt and the Chairman of the Board of Directors, Dr Peter Coman as they articulated their passionate vision of a vibrant independent school community. The early years were times of tremendous opportunity as we went about tackling the significant work associated with such a grand project as the building of a community. Although the journey was at times challenging, it was certainly filled with joy and satisfaction and this was largely due to the quality and character of the staff, parents and students who demonstrated great faith and loyalty as they made invaluable contributions to the College during the early years of development and establishment.

At this special time of celebration, I wish to express thanks and congratulations to the current Head of College, Mr Steve Croft and all members of the TSAC community for continuing to build upon the firm foundation established 15 years ago.

Mr Ashley Thomas
Head of College (1998 – 2007)

2005
First time TSC accommodated for Prep to Year Twelve

2005
Establishment of first Student Council

2005
Completion of Stage 3&4 Classroom Development – F Block and G Block
2003 – 2007

The College continued to grow and establish itself during these years and continued to employ additional staff to provide a strong educational environment.

In 2003, the College established the Mary McConnel School. In 2004, the College’s first Musical, ‘A Kid’s Summer Night’s Dream’ was performed before an excited and enthused audience.

2005 was a momentous year for the College with the graduation of the College’s first Year Twelve students; and the first time in the College’s history that there were students from Prep to Year Twelve.

The first ever Student Council was established and the first Senior Choir and Senior Band was formed. While Year Twelve students took part in the first Spiritual Retreat, Senior Formal and Valedictory Dinner.

Giving way to the need for more classes and space for students, the Stage Three & Four Classroom (Block F & G) development was also completed.

Further development took place in 2006 with the construction and opening of a Prep Playground in April and the Junior Playground in November. For the commencement of the 2007 School year, the decision was made in 2006 to revert the College back to a Prep to Year Nine College to allow for the new Senior Campus to be built.

The opportunities for students in the varied extra curricular activities for both Sport and Creative Arts continued to grow, with students participating in weekly sporting events in the JTAS and TAS associations.

In 2007 the Creative Arts Department presented the College Musical – ‘HONK’ with students from Years Five to Twelve taking centre stage.
The Springfield Anglican College is unique as it thrives on Teamwork, Success and Community. This sense of community shows the effort and perseverance from teachers, students and parents. We have pride and honour as well as our determination to never give up, no matter the challenge. Our faith guides us to discover ourselves and our part in the TSAC community. The Springfield Anglican College is a unique and high achieving school, though young, has and will accomplish many things. But most of all, everyone is always welcome to become a part of our Community.

Rebecca Webber
Foundation Student

The Springfield Anglican College is a great school, and although still developing, it gives students the chance to participate in many activities and events. From school sports, talent shows, musicals to camps, fund-raising events, bake sales and more, the school has much to offer. The teachers are all supportive and understand that each student learns in a different way. It was wonderful, and makes me proud, to have been a leader of this school.

Tyler George
2011 College Captain

As College Captains we enjoy coming to the College knowing we will be looked after by caring staff. We really enjoy the extra curricular programmes and have seen them grow over the years.

Holly Kelly and Eli Myers
2013 Year Six Captains

The Springfield Anglican College is a community full of achievement and success. Students are given the opportunity to pursue their dreams with the continuous encouragement and support from the staff and peers. It is a place where students can express their ideas and thoughts without the feeling of being judged or belittled for their differences. The Springfield Anglican College is a family that accepts all with open arms. There is no other school that I would rather attend.

Ashton Greive
2013 College Captain

My brother Joseph and I were at TSAC, known as TSC from the very first day and into the early years. The College wasn’t even built and we attended Forest Lake College for the first few months. Being a part of something from the beginning is special because you are experiencing everything as a first. As Foundation students it gave us the opportunity to be leaders throughout our schooling lives which has contributed to our success in our chosen careers today. TSC gave us the tools we needed in everyday life and exposed us to the knowledge that we continue to use in achieving our goals. Without the support of our teachers and the general caring atmosphere evident within the College, we would not have accomplished what we have today.

Rebecca Webber
Foundation Student

I attended TSAC from the beginning of high school (Year 8, 2006) until the day I graduated from Year 12 as College Captain in 2010. Three years on, I can say with confidence that I wouldn’t be where I am today if it weren’t for my incredible years at TSAC. The warm and personal environment made me feel at home every day, even though I was at school, and the knowledgeable and dedicated teachers gave me the skills and the confidence I needed to make my mark on the world. I didn’t graduate TSAC empty handed. I took so much away with me that I will carry for the rest of my life. I couldn’t recommend a better environment in which to grow, not only as a student but as a person.

Georgia Walters
2009 College Vice-Captain and 2010 College Captain

As College Captains we enjoy coming to the College knowing we will be looked after by caring staff. We really enjoy the extra curricular programmes and have seen them grow over the years.

Holly Kelly and Eli Myers
2013 Year Six Captains

College’s 10th Anniversary

2008 (April)
Stage One of Middle & Senior Campus completed with students from Year Six – Ten
2008
Formation of Sport Parents Support Group and Supporters of the Performing Arts

2009
College Musical – ‘The Lion, The Witch, and The Wardrobe’

2009
Two TAS Premierships won (first in College’s history)
2008 – 2012

The College welcomed in its 10th year in 2008 with great excitement.

In April, with Stage One of the Middle & Senior Campus completed, students from Years Six to Ten re-located into the modern, purpose built campus.

Parents were further encouraged to join and contribute to College activities with the formation of the Sports Parents Support Group and the Supporters of the Performing Arts.

2009 had a full calendar of events with students having the opportunity to perform or assist backstage in the College Musical – ‘The Lion, The Witch, and The Wardrobe’. Students in Years One to Eight were also able to participate for the first time in a Dance programme. Senior students had the opportunity to go on an Antipodeans Vietnam Trip to help a Vietnamese village community or a Ski Trip to Perisher.

The College Sporting Teams successfully won two TAS Premierships – Year Nine Boys Tennis and Year Nine Girls Soccer, which was the first in the College’s history.

Further campus developments took place in 2009 with a range of sporting facilities across both campuses built.

2009 also paved the way for the Anglican Church of Australia to assume sole ownership of the College following a successful joint partnership with the Uniting Church in Australia Queensland Synod.

In 2010, the College returned to a Prep to Year Twelve College, with Year Six re-joining the Primary Campus following the renovation of new large classrooms.

Further construction saw a roof added over the Middle & Senior Campus Sports Courts and a Resource Centre on the Primary Campus opening in August, consisting of three classrooms, a Computer Lab and two distinct library areas.

The College embarked on its first Music Tour – ‘Back to the Bush’ to Longreach, Charleville and Miles.

The College’s successful performances continued from the previous year winning six TAS Premierships – Year Ten Boys Tennis, Open B Girls Tennis, Year 8A Netball, Open B Netball, Year Nine Boys Soccer, and Year Nine Girls Volleyball.

2011 saw a major change for the College with a name change to The Springfield Anglican College. It was also the year of the Queensland flood crisis, with the College showing its true colours raising approximately $10,000 in cash and goods. Overall, throughout 2011, in excess of $20,000 was raised to support various charities highlighting the strong community spirit of the College.

Construction of The Tiny Tartan Kindergarten began on the Primary Campus and the Design and Technology Centre on the Middle and Senior Campus.

The College launched the TSAC Centre of Sporting Excellence focusing on Swimming, Tennis, Football and Athletics.

TAS Premierships continued to be won with three trophies – Year Nine Boys Tennis, Year Ten Netball and Year Nine Girls Volleyball. While students again were able to showcase their talents with the College Creative Arts Spectacular – ‘One’.

In 2012, The Tiny Tartan Kindergarten and Design and Technology Centre were officially opened by the Hon. John Paul Langbroek MP, Minister for Education, Training and Employment.

The creation of an iMac Music Lab and acquisition of a Kiln for the Creative Arts Department were key highlights for student learning; while 54 Creative Arts students and 6 staff also attended the Sydney Music Tour.

Introduced for the first time to Year Nine students was the Rite Journey programme focusing on the development of emotional intelligence and resilience; while students in Years Four – Six took part in their first Black and White Dance.

The College’s success in the TAS arena continued with another three TAS Premiership wins to all our Tennis teams – Year Eight Boys Tennis, Year Ten Boys Tennis and Open A Girls Tennis, and a win for the Year Eight Boys Futsal Team.

The College also proudly welcomed a new Chaplain, Reverend Chris Boyce, who has inspired many students in his short time at the College.
2010 College returns to a Prep to Year Twelve school

2010 College’s first music tour – ‘Back to the Bush’

2010 (August) Opening of Primary Campus Resource Centre

2010 Six TAS Premierships won
2011
Queensland Flood Crisis – College raises nearly $10,000 for victims

2011
Launch of the Centre of Sporting Excellence for Swimming, Tennis, Football and Athletics

2011
The Springfield College changed its name to The Springfield Anglican College

2013
While the College year is only just beginning, the College has already seen great achievements and success by its students. For the first time in the College’s history, the TSAC Swimming Team won the TAS Red Division Swimming Trophy, elevating the team to the Blue Division in 2014. In one Term of TAS fixtures, five Premierships were won by the increasingly confident and competitive TAS Teams, and as a result placed the College in third place for the TAS Red Division overall.
Premiership wins went to the Year Seven Girls Basketball, Year Nine Girls Basketball, Year Nine Boys Volleyball, Year Ten Girls Tennis and Open A Girls Tennis.

While Creative Arts students performed exceptionally well in the first ever Inaugural Inter-Clan Creative Arts Festival. Students from Years Four to Twelve will also take to the stage and assist behind the curtains this year for the College Musical, Rodgers and Hammerstein’s ‘The King and I’.
As a staff member for 13 years, I have witnessed enormous change in the opportunities and resources available to students at The Springfield Anglican College. The College certainly affords the chance for students to develop themselves personally, socially, emotionally, spiritually and academically through the numerous activities and programmes that run throughout the course of each year.

One thing that hasn’t changed is the nature of the students and staff. We have always had staff who are friendly, supportive and hardworking and students who are well-mannered and eager to learn.

Wayne and Wendy Hayden
College Parents

The vibrant colours, movement, and sounds of all things Creative Arts are a true reflection of the dedicated, talented, spirited and culturally rich community we have at TSAC. My wish for the future of Creative Arts at TSAC is that it continues to grow and be a place where the whole College Community can actively foster a love of the arts.

Philippa Robinson
Head of Creative Arts

It has been wonderful to see how the College has grown in both size and reputation since we became a part of the College family. From the humblest of beginnings 15 years ago until now, TSAC has grown and changed along with the needs of the students and their families. Although the College has grown in size, they haven’t lost sight of the importance of each and every student and their needs. As a family we are all involved in the various aspects of College life from the Creative Arts to the sporting fields to joining in classroom activities and we are very excited about what the future holds. Congratulations TSAC on an outstanding first 15 years and we look forward to celebrating many more wonderful milestones with the College in the future.

Wayne and Wendy Hayden
College Parents

Congratulations to The Springfield Anglican College on its 15th Year Celebration. Since joining the College six years ago, I have witnessed an exciting growth in the College’s infrastructure, student population and opportunities. I have also witnessed a significant positive change in the College Sport Programme on both the Primary and Middle and Senior Campuses.

Teamwork, Success and Community are values embedded in all aspects of College life, and have been effective in nurturing the dreams and aspirations of all of our students.

I am very proud to be associated with a College Community that is extremely positive, inspiring and is truly focused on ‘Their Future’.

Andy Holmes
Head of HPE & Sport

I remember the very first time I visited the College 13 years ago, there was only one building, a small playground and an oval. Several months later during another visit, I saw students wearing the College uniform and watched the staff interacting with students and it was at that moment that I realised that this was the place I wanted my children to attend. As a parent and staff member it has been very exciting to see the College grow and develop into what it is today.

Sandra Hill
College Parent and Administration & Curriculum Support

Since joining the College over five years ago I have moved campuses, taught in three workshops and seen technology resources grow to allow students some amazing possibilities.

I also remember having one basic computer room that has since been changed to a classroom and replaced by three dedicated computer rooms, numerous laptops, iPads, and much more. The College has continued to move with technology and there is much more to come. It is exciting to see students given technology to support learning and see how it enhances the Curriculum.

Michael King
Head of E-Learning and Technology

The College into the Future

The Springfield Anglican College Community should rightly be proud of the growth and development that has occurred over the past fifteen years. As the College turns its attention to the future there is a great sense of anticipation. At fifteen years old the College still has a great deal of growing to do which is natural for a school of this age.

The College Board is strongly committed to the College’s future development. A key element of the Board’s vision is on-going facility development. Over the next five years the College will invest significantly in a building programme to enhance the facilities available to students, in particular on the Middle and Senior Campus. As highlighted within the College’s Built Environment Plan, additional Sports Courts will be constructed in 2013, as well as a Multi-Purpose Centre. Planning is also well underway for the construction of a Creative Arts Precinct on the Middle & Senior Campus due for completion in 2014.

The Springfield Anglican College is also ideally positioned to take advantage of significant growth and development of the Greater Springfield region. The next five years will undoubtedly be very exciting times for the College and most importantly for the students whose education and future are as always at the forefront of all that the College undertakes.
