

WHO CAN I TALK TO?

Anglican schools support the rights of children and young people and are committed to ensure the safety, welfare and wellbeing of students. Anglican schools are therefore committed to responding to allegation of student harm resulting from the conduct or actions of any person including that of employees.

This commitment includes the provision of a safe and supportive living and learning environment for all students and requires all employees, volunteers and visitors to model and encourage behaviour that upholds the dignity and protection of students from harm.
